

RURAL SCHOOLS WILL OPEN MONDAY

Teachers Will Visit Their Districts Friday and Converse With Patrons

A slight departure in the opening of the rural schools this year in that the teachers go to their districts on Friday visit their patrons and prepare for a full opening on Monday.

Then some public exercises are planned in which the patrons are to take part.

All schools opening on the same day and all teachers both assistants and principals beginning together are results of recent rulings of the Board of Education.

There is a brighter prospect for the rural schools this year. Several new or remodeled buildings are the pride of their districts and a strong corps of teachers have been selected. The rural teachers are in session today to discuss some plans for the coming year.

Following is the calendar for the year:

Friday, Oct. 1—Fall term begins. Teachers will visit patrons and prepare for full opening on the following Monday.

Monday, October 4—Rural schools open. Opening exercises. Patrons invited.

Friday, October 20—School day of the Bottom Land. Holiday for all schools whose teachers attend.

Thursday, Nov. 20—Thanks giving Day. Holiday to those schools which have special public program at the school building in which the pupils take part.

Thursday, Dec. 23—Fall term ends.

Monday, Jan. 3—Spring term begins.

Thursday, Feb. 22—Washington's birthday and Arbor day. Observance requested.

Monday, March 14—Seventh Grade Examinations.

Friday, March 21—County Commencement Day. Spring term ends.

The special days for which the State Superintendent sends programs are all to be observed.

Houston County Educational Association.

R. H. Southland, President. Webb, Miss Pearl Rhodes, Secretary. Webb, Regular meetings first Saturday in December and March and Annual Teachers' Institute.

Dothan District: W. A. Barnes, President. Taylor, Mrs. W. A. Barnes, Secretary. Taylor, Meetings every first Saturday except above named county meetings.

Ashtford District: C. W. Johnson, President. Columbia, Mrs. Bobbie McArthur, Secretary. Ashtford, Meetings every second Saturday.

Cottonwood District: C. C. Sellers, President. Cottonwood, Miss Stella Granger, Secretary. Cottonwood, Meetings every third Saturday.

HUMAN VOICE BY WIRELESS IS ACHIEVED

Experiments Extending Over Months Culminate in Transmission of Voice from Virginia to California

Washington, Sept. 29—Long distance wireless telephony communication was accomplished for the first time today when experiments extending over several months culminated in successful transmission of the human voice by radio from Arlington Va., to Mine Island, Cal., 2,000 miles away.

The experiments were conducted under direction of Captain Ballard, chief of the navy radio service in cooperation with the American Telephone and Telegraph company and the Western Electric company. Several plans of the navy predicted that further development of wireless telephony would make great changes in long distance communication, both for military and naval service.

Successful operation of a device for automatically transferring to the radio telephone conversations originating on wire circuits also was accomplished. President Theodore N. Vail and other officials of the American Telephone and Telegraph company at New York talked at length with the Mine Island station the conversation traveling over an ordinary telephone line from New York to Arlington and thence by radio across the continent.

The fact that the voices can be started on a land wire and automatically transferred to a wire radio transmitter, Earl Secretary Daniels said, could be of great importance in the future, especially in the case of some central transmitting station.

GOOD ROADS MEET IN OCT.

Pr late Judge A. C. Crawford has been requested to appoint fifteen delegates to represent Dothan and this section at the annual meeting of the Alabama Good Roads Association in Birmingham October 12-13.

It is not known whether any Dothan people will attend the Birmingham meeting, but the chances are this section will not be represented there. The Probate Judge would no doubt be glad to appoint an one that will.

Lost—Pair gold framed spectacles in case. Reward. Notify Jasper I. Barnes, phone 1702 A.

ROCKEFELLER JR. JR. INSPECTS HIS MINES AT FIRST HAND

ALVIN DENISON, ALVIN KING, JOHN D. ROCKEFELLER JR. JR. INSPECTS HIS MINES AT FIRST HAND

GERMANS LOSE 120,000 MEN SENATOR LEWIS BRITISH SHIP IS CHANCELLOR SENT TO BOTTOM

Berlin, Sept. 29. Report from the British of territory won from the Germans north of Loos was today announced by the war office.

French attacks near Souchez and Neuville are said to have been repulsed.

In the Champagne district French attempts to break through the German lines are said to have been unsuccessful.

The heavy losses which the enemy incurred during repeated storm attacks against the hills at Messines were in vain. The hills have been surrounded by German troops without a break. Attempts of the French to recapture trenches which they lost at Lille, Mont, failed. The number of prisoners has been increased.

In Flanders two British aeroplanes were shot down. The occupants were made prisoners.

London, Sept. 29. The British have won an important success in Mesopotamia. The Turks are in full retreat toward Bagdad. The British are pursuing the retreating Turks.

Announcement to this effect was made in the House of Commons today by Asquith, Chamberlain, Secretary of State for India.

Paris, Sept. 29. German casualties in the recent offensive of the French and British including killed, wounded and prisoners were given officially by the French war office today.

Montgomery, Sept. 29. Governor Herkerson last night appointed State Senator O. S. Lewis of Tuscarora as Chairman of the Southeastern Division to succeed W. R. Chapman, who has resigned. Mr. Lewis will succeed Mr. Chapman next Monday. Name of the organization of Chapman was received early this week by the Governor. Senator Lewis died in the governor's office yesterday and his appointment was announced last night.

During the session of the legislature Senator Lewis was one of the staunchest supporters of Governor Henderson and the governor's policies. He is a prominent lawyer and in order of recognized ability.

Friends of Senator Lewis congratulated him last night on his appointment. He will serve out the unexpired term of Chapman. At the end of his term the office of Chancellor will be abolished through the working of the new judiciary laws.

as in excess of the strength of three army corps, over 120,000 men.

There is no interruption of the fighting in Champagne.

Progress of the French in the Artois region continues.

North of Meuse the war of her says, 1,000 Germans surrendered to the French forces fighting in that vicinity.

Berlin, Sept. 29. By wireless to Savannah, N. Y. The sinking of a British transport with the loss of all but a few members of the crew is reported in a dispatch from Constantinople to the Overseas News Agency.

A special dispatch from Constantinople gives reports about the sinking of a British transport with the loss of all but a few members of the crew is reported in a dispatch from Constantinople to the Overseas News Agency.

This is the second report of the sinking of a British transport with Indian troops.

An Athens dispatch earlier today said that the Marseilles had been sunk by a submarine. The dispatches may be different versions of the same incident.

BIDS FOR SUBMARINES TO BE OPENED SOON

Washington, Sept. 29. Bids for sixteen new submarines have been going and eleven of the boats for a type will be opened at the Navy Department September 30. The boats were authorized by the last Congress.

Pound paper and envelopes to match at Strickland Jewelry Co.

A. C. Kelly of Gradyville, Ga. was in Dothan a while today en route to Slocumb.

HURRICANE SWEEP GULF COAST; MANY KILLED AT NEW ORLEANS; FEARS FOR VESSELS IN GULF

Tidings of Storm Received At Mobile From New Orleans by Wireless

New Orleans, La., Sept. 30—(2 a. m.) by wireless, steamships Exultation and Creole, to Mobile. Ten persons are known to have been killed, 100 injured and property loss exceeding a million dollars caused by the destructive West Indian hurricane which struck this city at 6 o'clock last night.

At intervals a terrific gale swept through the city at a velocity of 120 to 130 miles an hour according to the figures of the local weather bureau, and the average prevailing velocity between 10 and 100 p. m. was in excess of eighty miles an hour.

Many schools and churches have been damaged. The famous French market has been partly demolished and the Music Temple is a partial wreck, the roof of the tower having collapsed. More than 8,000 telephones are out of order.

Owing to precautions taken on receipt of weather warnings yesterday damage to shipping is slight except to small craft. The downtown hotels and public buildings were filled with residents seeking refuge from the gale who were marooned there throughout the night.

At 9:30 o'clock the hurricane had subsided.

Mobile, Ala., Sept. 29—New Orleans and the Mississippi gulf coast late today were in the throes of the worst tropical hurricane in history. Moister information received at Mobile by wireless indicated the flooding of the Mississippi river, leaving south of New Orleans and loss of life. A velocity of 90 miles an hour had been reached by gales at New Orleans and Bay St. Louis, Miss. at 6 o'clock to night. Sporadic telegraph connection with Biloxi brought the report that water was six feet deep in business districts of that city and that property loss had been great.

All wires to New Orleans are down and train service has been annihilated. The long trestle of the Louisville and Nashville railroad at the rapids between New Orleans and Bay St. Louis is reported to have been swept away.

Loss of Life Reported.

First definite reports of the damage at New Orleans was received late today by wireless from the Southern Pacific liner Creole in the Mississippi river bound for New Orleans from the lower bay.

The Creole reported that high tides in the lower river had flooded the levees, that they had broken in places and houses had been swept away with evident heavy loss of life. Two bodies

the wireless message reported New Orleans was in darkness tonight due to the flooding of electric plants and commercial wireless stations were unable to obtain power.

Hurricane warnings were continued at Mobile tonight, and were seen floating in the stream southeast gale, which had prevailed since noon, drove the water in the river over the top of the wharves at the river front. The local weather bureau reported a falling barometer and indications of increase in wind velocity. New Orleans and the gulf coast cities of Mississippi were believed to have been the worst sufferers in the hurricane.

Fears for Vessels in Gulf.

The Mallory liner Sabine, with passengers for Tampa, Key West and New York, waited in the lower bay here tonight for the storm to subside before attempting to go to sea. The freight steamer Dorothy, bound for Havana from Galveston with cargo, put into Mobile bay today to escape rough weather in the gulf. She reported heavy seas between Mobile bay and New Orleans bay, but did not encounter the hurricane at its worst.

Vessels known to be in the gulf which may have encountered the tropical blow are two steamships of the Ward line, whose names were not obtainable, and a fruit vessel of the Vancore Bros. company of New Orleans.

No messages had been received tonight by the coast guard cutter, Tallapoosa from the Southern Pacific line steamship Proteus, which was reported in the center of the hurricane off New Orleans bay. The wireless apparatus on the Proteus is believed to have been disabled.

The sole means of communication between New Orleans and the outer world tonight was the wireless apparatus of the steamship at dock in New Orleans, while meager reports were received from the failing wire apparatus of the Southern Pacific liner Creole, bound up the Mississippi river from Port Eads for New Orleans.

Wind 52 Miles an Hour.

A velocity of 52 miles an hour was reached by the gale at Mobile tonight, and the worst of the storm was believed by the weather bureau officials to have passed. The barometer was stationary at 29.52 at 8 p. m.

Southbound trains over the Louisville and Nashville railroad to New Orleans were annulled tonight, but it was announced that a relief train would be operated out of Mobile Thursday.

(Continued on page 4.)

Fair Week

I'll Shore Be There!

"I see by the papers that they are going to have that Fair in Dothan again this Fall."

Yes sirree! Come on to it. Tell the folks about.

Decorated Automobile Parade: amile long, Pony Carts, Dog Carts, 100 fast horses from Tennessee and Kentucky, Governor's Day, W. O. W. Day, Poultry show, Farm Products, fine stock.

DOTHAN FAIR

OCT. 25, 26, 27, 28, 29, 30th.

We are all looking for you. Don't forget to tell all the folks you know.

Dothan will be attired in her Sunday best, extending the glad hand of welcome on every side.

COME ON TO IT!

IF BACK HURTS

BEGIN ON SALTS

Flush Your Kidneys Occasionally If You Eat Meat Regularly.

No man or woman who eats meat regularly can make a mistake by flushing the kidneys occasionally, says a well known authority. Meat forms uric acid which clogs the kidney pores and they sluggishly filter or strain only part of the waste and poisons from the blood, then you get sick. Nearly all rheumatism, headaches, liver trouble, nervousness, constipation, dizziness, sleeplessness, bladder disorders come from sluggish kidneys.

The moment you feel a dull ache in the kidneys or your back hurts, or if the urine is cloudy, offensive, full of sediment, irregular of passage or attended by a

sensation of swelling, get about four ounces of Jad Salts from any reliable pharmacy and take a tablespoon in a glass of water before breakfast for a few days and your kidneys will then be free. This famous salt is made from the acid of grapes and lemon juice, combined with lithia and has been used for generations to flush clogged kidneys and stimulate them to activity, also to neutralize the acids in urine so it no longer causes irritation thus ending bladder disorders. Jad Salts is inexpensive and cannot injure; makes a delightful effervescent lithia-water drink which all regular meat eaters should take now and then to keep the kidneys clean and the blood pure, thereby avoiding serious kidney complications.

RALLY DAY SUNDAY.

The Presbyterian Sunday School is making great plans for the Rally Day services at the regular Sabbath School hour Sunday, and a special program for this occasion has been prepared. It is understood that members of the congregation who own automobiles have volunteered to take members of the Home Department to and from church Sunday for these special services. An unusually large attendance is expected.

CARD OF THANKS

Please allow me space in your paper to thank the good people of the community for their kindness and generosity during the long continued illness and death of my mother-in-law, Mrs. Mary Jane Hendon, who died at our home near Hickory church, Sept. 22, 1915.

Feeling our inability to reward the people for their kindness, we invoke the blessings of One who is able to reward them.

A. P. Hawen,
Mrs. Sallie Howell.

THE RUNAWAY LETTER.

A runaway horse is a trouble-some beast, disastrous to nerves and to purse; But I am quite sure, in my own mind at least, That a runaway letter is worse. Her dear little brother, when left, it is said, To the care of Frances, one day Was changed in a wind to a brother instead, Just because a small "r" ran away! And grandmamma said to Frances, "How nice!" When the "r" had been captured, in a trice, A dear little brother again!—Pauline Frances Camp, in St. Nicholas.

Bridge Club Reorganized.

Eight charming young girls met at the home of Miss Janie Farmer on Tuesday afternoon for the purpose of reorganizing their Bridge Club that had disbanded at the beginning of the summer months.

The afternoon was delightfully spent playing Auction, the trophy for high score, a hand-magical, being won by Miss Elsie Mae Roland.

At the close of the games,iced tea and sandwiches were served at the card tables.

The club will meet each week on Tuesday afternoon. Included in the membership are Miss Lucile Whiddon, Miss Elsie Mae Roland, Miss Florence Ellis, Miss Sue Stapleton, Miss Ruth Stapleton, Miss Helen Smith and Miss Nettie Leslie. Miss Louise Liddon of Marianna, Fla., was a charming visitor.

Misses Lee the Guests of Mrs. Whatley.

Misses Rosemary and Louise Lee of Thomomasson, Fla., are the guests of Mrs. Will Whatley. Although they have made their home in Florida for the past year Dothan still claims the "twins" and will always give them a cordial welcome.

U. D. C. Meeting.

The U. D. C. will meet with Mrs. A. D. Usery Friday afternoon at 3:30.

Study Club to Meet.

The Dothan Study Club will meet Friday afternoon at 3:30 o'clock with Mrs. Norman Blum at her home on East Newton street.

C. H. Griffin, of near Malvern, was here today on business.

morning as far down the coast as track conditions will allow.

Reports that the Rigolets trestle of the Louisville and Nashville between New Orleans and Bay St. Louis, had been destroyed were discounted by officials of the road tonight. It was declared that the trestle was strong enough to withstand storms of violence.

No verification of the report of high water at Biloxi was furnished by the railroad dispatcher there, who reported that the tracks of the railroad were not inundated. A commercial wire report had stated that water was six feet deep in the business part of Biloxi.

FINE EXHIBITS FOR SCHOOLS

Members of the Houston county Educational Society in session at the court house today, discussed plans looking towards the preparation of the best educational exhibits for the Dothan Fair ever seen in this part of the State. The exhibits will show what is being accomplished by the schools along practical lines.

Secretary Fred Thomas of the Fair Association and others met with the educators and suggestions were offered as to the best way to prepare exhibits, etc.

Malaria or Chills & Fever

Prescription No. 988 is prepared especially for MALARIA or CHILLS & FEVER. Five or six doses will break any case, and if taken then as a tonic the Fever will not return. It acts on the liver better than Calomel and does not gripe or sicken. 25c

PROTRACTED MEETING AT HEADLAND AVE. BAPTIST

Sunday, October 3rd, will mark the beginning of a series of meetings with the Headland Avenue Baptist church, conducted by the pastor, with Rev. E. H. Jennings, assisting. This is somewhat contrary to the announcement first made, but the fact that Rev. Mr. Bentley could not come to us at the time appointed, makes it necessary to announce this change in order that we may have a meeting at this time. It is a mistaken idea to think that we can't have a meeting without sending off for a preacher, when we have good material right at our door. The main thing for any meeting, is for the people to get in the proper frame of mind, and let the Holy Spirit come in and He will do the work.

Remember the prayer meeting every night this week except Saturday night. If it were necessary for the apostles to pray for the coming of the Holy Spirit, it is also necessary for us; therefore, let us pray for a glorious revival in our midst. Let us undertake great things for God, and expect great things of Him.

W. H. Tew, Pastor.

Mrs. A. A. Odom, and children of Greenville, S. C., who have been visiting Mr. and Mrs. Smith Hall left today for Gordon where they will spend a few days before returning home.

BROWN RECOVERING

According to news received here, W. L. Brown, a well known Dothan druggist, who was recently operated on at an infirmary in Montgomery, is steadily improving and will probably be out again soon.

"Oh Look! I can't eat 'em all—they won't hurt me! That's because they're made with Calumet—and that's why they're pure, tempting, tasty, wholesome—that's why they won't hurt any kid."
